

Delivery instructions

Before organizing the goods pick-up, we need the following documents:

1. Packing list, specifying the specific means of transport, if required (side load/top load etc.);
2. FAT video/REPORT;
3. Photo of the machine before packaging it;

4. Photo of the packaged machine, with the following data on the packaging:

- order number (ex. AF/n);
- machine code (ex. AFC% / AFJ% / AFH% etc.);
- project number (ex. PC% / EN% / PP%);
- spare parts code, if ordered (ex. MT%)
